

ATHERTON TABLELANDS BIRDWATCHERS' CABIN

The modern self-contained cabin, laid out for 1 to 2 adults, is the **only** guest accommodation, set in the midst of our large forest sanctuary 20 minutes south of Atherton, bordering onto World Heritage National Park.

We offer privacy, tranquillity and undisturbed bird and wildlife watching. Whether you choose to relax on your own private veranda or explore the surrounding forest, you will encounter an abundance of fauna and flora.

Our property is ideally placed in close proximity to a number of very diverse ecosystems: tropical rainforest, tall open forest, savannah woodlands and wetlands.

ATHERTON TABLELANDS BIRDWATCHERS' CABIN
