Encouraging global sustainable tourism.

Created as a joint initiative between The Travel Corporation's (TTC) family of brands, the TreadRight Foundation is a not-for-profit working to ensure the environment and communities we visit remain vibrant for generations to come. By providing grants to organisations that encourage sustainability in different destinations, we hope to maintain the natural attractions and unique heritages across the world that define each region. To date, TreadRight has helped support some 50-plus sustainable tourism projects worldwide. Within Cairns, Down Under Tours and the Treadright Foundation are foundation members of Citizens of the Great Barrier Reef, an organisation whose mission is to engage a worldwide community to support positive action for the future of the reef and the planet. Please visit Treadright.org to see the many amazing global projects we have been supporting for over 10 years.
