# Kuranda Story

Surrounded by World Heritage rainforest, 1,000 feet above Cairns, the Kuranda area is the traditional home of the Djabugay people, who know Kuranda as Ngunbay 'place of the platypus'. They maintained settlements for thousands of years, making use of the permanent water and abundance of bush foods.

The first Europeans settled here in 1885 and the first town survey was filed in 1888, in anticipation of a railway connection to Cairns, which reached Kuranda in 1891. While the first wave of settlement was based on timber felling, agriculture and grazing, Kuranda quickly became known as a tourist destination - 'the health resort of North Queensland', and a cool mountain retreat away from the hot and humid conditions of the tropical coast.

The Kuranda lifestyle prompted a 'hippy invasion' in the 1960s. The alternative lifestyle movement provided the base for vibrant arts and crafts that gave Kuranda its first 'market economy'. Our community welcomes you to our village in the rainforest. As the Djabugay say "Gubun Gubun Galing" (travel safely).

# Amazing Rainforest Walks

Kuranda has a network of interlinked walks which provide access through the village and its surrounding environment, including the Barron Gorge National Park.

You can see what life is like in a mountain village surrounded by the Wet Tropics World Heritage Area, discover more about Rainforest Aboriginal culture, understand how Kuranda's market economy came about, access Barron Gorge National Park and 'get up close' to tropical rainforest. For more information about our rainforest walks visit Kuranda Visitor Information Centre – refer back page. Each walk offers a different experience.

1. **The Village Walk (500m)** showcases the main street and finishes at the site of the original Kuranda markets. Explore Kuranda's 'market economy' and view the tropical architecture of our village in the rainforest.
2. **Jumrum Creek Conservation Park (1.4km)** is a walk through the rainforest surrounding Kuranda village.
3. **The Jungle Walk (900m)** passes through a regenerating forest. See how quickly a rainforest grows.
4. **The River and Esplanade Walk (1.5km)** a pleasant riverside stroll down a tree-shaded esplanade.

The walks are linked, so you can mix and match options to suit your interests and available time. At the start of each track is an introductory sign.

## Kuranda Markets

The world famous Kuranda Markets began in 1978 on Honey House land by a group of locals in order to attract visitors to Kuranda and sell their hand made arts, crafts and local produce. The markets needed to operate their own train for two seasons to prove the viability of the service to the Railway Department. Today the markets are an established icon, operating seven days a week, while the village is recognised as a unique Australian rainforest destination.

Kuranda Markets specialise in hand made arts and crafts and you will find locally designed and produced fashions; hand crafted jewellery; Aboriginal artwork; wood and leather workers; gem stone specialists; as well as North Queensland's best range of honeys; local coffee; homemade ice cream; coconuts and macadamia nuts.

## Kuranda Accommodation

Choose from units, cottages, an artist's studio, cabins, dormitories, luxury rooms all with modern conveniences, or just sleep in a tent. Breakfast in bed, cook your own, or eat out. The choices for overnight comfort are varied, with tropical forest settings and access to water in pools and creeks adding to the experience.

After a busy day take the opportunity to relax at your accommodation and listen for Kuranda's many night roaming creatures: wallabies, pademelons, bandicoots, flying foxes, owls and curlews and the the scrub hen. The green season from December through to April is a time for frog music – the real sound of the tropical rainforest. All this is possible from your Kuranda accommodation hide-away.

Kuranda is the perfect base from which to explore the rainforest and the beautiful Atherton Tablelands. So why not stay a while and give yourself time to really enjoy everything the region has to offer.

## Driving to Kuranda

Travelling by road, Kuranda is only 35 minutes from Cairns and is an excellent way to take in the beauty of Kuranda's World Heritage listed rainforest. This gentle drive provides a visual feast for passengers as you wind your way up the range with views of the Coral Sea's tropical coastline on one side and pristine rainforest on the other. On your way to Kuranda make sure you allow enough time for a stop at the Henry Ross lookout which is located half way up the Kuranda Range and offers spectacular views of Green Island and the Great Barrier Reef. If you do not have your own car, a hire car is an excellent option to extend your stay in Kuranda and fully explore everything the village has to offer. Kuranda is also the Gateway to Mareeba and the Atherton Tablelands and is a great starting point for your visit to our region.

## Mareeba Heritage Museum & Visitor Information Centre

Interesting and interactive heritage displays for all the family. The Heritage Walk takes you on a journey through time reflecting the heritage and culture of Mareeba and district. There is an exciting collection of social history from the indigenous Aboriginal tribes to early explorers and settlers. Explore the past local agricultural and mining industries as well as Mareeba's local businesses.
